## General Ranking

### 1. General

- 1.1. Teams that have registered for the General Ranking of the 49th Batavierenrace are subject to the preliminary regulations. When actually participating in the Batavians Race these teams are also subject to these final regulations.
- 1.2. The Organising Committee reserves the right to amend the Regulations if necessary.
- 1.3. The Dutch version of the Regulations is leading in all cases.

### 2. Registration

- 2.1. Registration is possible from Saturday, February 13, 2021 12:00.
- 2.2. Registration can be done by filling out the Google Form, found on the website.
- 2.3. There is a maximum of 25 participants per team. There is no minimum.
- 2.4. Registration is possible until Wednesday, March 17, 2021 23:59. The registered time in the Google Form will be used as starting point.

### 3. Stages

- 3.1. A team must have covered at least 125 km. All individual stages must therefore add up to at least 125 km.
- 3.2. For each missing kilometer, 12 minutes of penalty time will be added.
- 3.3. Running more kilometers than the minimum is allowed.
- 3.4. Each participant will run 1 stage. There is no limit on the distance of this stage.
- 3.5. Elevation differences or paved/unpaved roads during walked stages will not be taken into account in the final results.
- 3.6. There are no specific men's or women's stages as normally during the Batavierenrace.
- 3.7. A stage must be run in one piece. It is not allowed to split up the stage of a participant.
- 3.8. Runners may run their stage between Thursday, April 22, 2021 16:30 and Saturday, April 24, 2021 17:30.

### 4. Submission of results

- 4.1. Participants can submit the result of their stage individually via the website of the Online Batavierenrace which is communicated to the team leaders. The submission requires a team code which the team leader receives together with the link to the website and shares with the team members.
- 4.2. For each participant the run distance, the date, the elapsed time, and the name of the participant must be submitted.
- 4.3. Also, for confirmation, an image showing the distance run, date, time elapsed, participant name and route run must be submitted. Taking a screenshot of the run in a running app like Strava is enough for this. Please note that not only the moved time is visible. Elapsed time becomes visible on the overview by marking the stage as a race.
- 4.4. Other tracking programs than Strava are also allowed provided they display all the above data. This should be checked in advance.
- 4.5. Results must be submitted via the aforementioned website by Saturday, April 24, 2021 17:30 at the latest.
- 4.6. If the submitted result of a stage (the data or accompanying screenshot) or the stage itself does not comply with the rules under this heading or heading 3, the result of that stage or the entire stage will be rejected and will not be included in the provisional results. The team leader will be notified and will be given a one-time opportunity to resubmit the missing results and/or stages via email to [online@batavierenrace.nl](mailto:online@batavierenrace.nl) before Sunday, April 25, 2021 23:59.

- 6.3. The results will be compiled per classification based on the speed, calculated based on the total elapsed time and total run distance. If a team did not achieve the minimum distance, their run distance will be increased to the minimum distance for the classification and a penalty time of 12 minutes per missing kilometer will be added to their total time.
- 6.4. Teams may file protests against the preliminary results via email to [online@batavierenrace.nl](mailto:online@batavierenrace.nl) from Saturday, April 24, 2021 21:00 to Tuesday, April 27, 2021 23:59.

- 7.4. To respect the ban on gathering from the government, it is not allowed to come together with more than 2 participants. With 2 or less participants, a distance of 1.5 m must be kept at all times in public. This rule also applies to things like encouragement, taking (group) photographs, etc.
